A NOTE FROM THE EDITOR

Welcome to our festive
February/March Edition.

To many February 14th is a time to
celebrate our loved ones on
Valentine's Day but it is also the
beginning of National Nest Box Week.

Nest Boxes can be homemade,
recycled or bought new, but as well
as making sure the birds in your
garden are fed, putting up a nest box
is the single biggest thing we can do
for our feathered friends.

By installing a nest box, we are giving
birds a safe place to raise their next
generation, and this is a truly
worthwhile way to look to the future
and the prospect of new beginnings.

Shrove Tuesday occurs on the 4th of
March this year, when we
traditionally eat sweet or savoury
pancakes. You don't have to be
religious to enjoy this custom, it
dates back to the 15th century when
people would race and have
competitions tossing pancakes.

Schools, libraries, and bookshops will
celebrate World Book Day on the 6th
of March. This year's theme is 'Book
an Adventure', celebrating 80 years
of bringing stories to life and
encouraging young readers to
explore new worlds and embark on
literary journeys. Children can obtain
a £1 book token and choose a free
book. (worldbookday.com)

Mother's Day falls on the 30th of
March this year, so be sure to
celebrate your Mum and make her
feel special. Many local retailers are
happy to work with you and create a
bespoke gift for the special mother in
your life.

As always, we have prepared a few
interesting reads for you to enjoy:
from seasonal foods and recipes to
an article about telephone and online
scammers to a few reasons to plant a
tree in one's lifetime.

Dates for your calendar:
14th February - Valentine's Day; 17th
March - St. Patrick's Day; 30th March
- Mother's Day; 30th March -
Daylight Saving Time starts.

However you decide to spend next
couple of months - keep your heart
and your business local.

Yours, Stonesthrow Publications.

CHOOSE SEASONAL FOODS

WINTER 2025 EDITION

Celebrate the best of seasonal produce by trying two fabulous February foods – sweet potatoes and celeriac, which make versatile, tasty and inexpensive dishes. Rob Bullock looks at just how versatile and tasty these two seasonal foods can be.

By shopping seasonally we can get produce at its most delicious, nutritious and reasonably priced. Two of my favourite February foods are sweet potatoes and celeriac. Here are some suggestions on how to enjoy them.

SWEET POTATOES

Sweet potatoes brighten up your kitchen during the cold winter months. With vibrant orange flesh and a satisfying sweet flavour, this root vegetable is the perfect ingredient for a light lunch or tasty supper.

Sweet potatoes are one of the most nutritious vegetables you can eat. They're packed with nutrients that help fight inflammation and enhance immunity. Health benefits of sweet potatoes including support healthy vision, aid good digestion, help manage diabetes, enhance brain function and boost the immune system.

BAKED SWEET POTATOES WITH CHEESE AND YOGHURT

This meal is highly nutritious, filling, easy to make and inexpensive and a novel play on an old favourite. Preheat a hot oven and use a fork to poke holes into the sweet potatoes and set them in your oven. Bake for 40 to 50 minutes, or until the skin has puffed up and you can easily pierce them with a fork. The most important thing is do not that wrap them in foil. To get that delectable, puffed-up crispy skin cook them unwrapped. Substitute plant-based cheese and yoghurt to make this meal deliciously vegan.

CELERIAC

Don't be put off by its appearance – there's perfection beneath a celeriac's imperfect skin. A variety of celery cultivated for its edible roots; celeriac has a tough, knobbly outer layer that hides creamy white flesh underneath. But be warned when you peel it, celeriac will discolour quickly, so place in water with a squeeze of lemon to keep it fresh.

February is a good time to eat this hero of the vegetable world which tastes better than it

looks with its subtle, celery-like flavour, with nutty overtones.

Celeriac is thought to have several health benefits, such as improving bone and heart health, and helping to reduce the risk of diabetes.

CELERIAC POTATO AND HAZEL NUT SOUP

For a tasty, easy to make lunch or comforting supper why not try this soup.

In a pan, gently heat some oil. Add some thyme, bay leaves and chopped onions. Season well. Cook through and add some garlic, then put in a chopped celeriac and a potato. Add some vegetable stock, bring to the boil and cook for about half an hour until the vegetables are soft. Stir in cream, remove from the heat and blitz until completely smooth. Just before serving add some chopped hazelnuts. Serve piping hot with crusty bread.

Sweet potatoes and celeriac are in season in February, they are good to eat and at their most nutritious and there are so many delicious possibilities for you to enjoy!

Misty Double Glazing?

Hi My name is Dave Millidge, let me introduce my company where I repair windows and replace misted up Double glazed units.

The area that I cover is Coventry and Warwickshire. You may have seen me around in your street or even have family and friends who I have worked for in the past ten years, with over 6,000 satisfied customers during that period. I started Misty to Clear to give customers the best value repairs in the current climate.

The Misty to Clear website allows total transparency of the customer experience. You can log into the website and view work that I have carried out. You can also leave feedback on social media. Therefore I give a 5 year guarantee on all new double glazed units fitted by Misty to Clear.

This is a genuine guarantee which does not come as an extra to my price.

I started Misty to Clear mindful that the cost of repairs is probably key to most people's budget when using tradesmen to do work on their behalf in their homes.

I offer a lower cost service to both old and new customers as I operate directly for the customer with no additional hidden charges or insurance costs to you the customer.

So my Company name is Misty to Clear where I can offer steamed up window glass replacement and fix broken handles, hinges, seals, window locks and door locks.

I also change glass in Velux windows too.

Satisfaction guaranteed to be a high standard that carries a 5 year manufacturer backed guarantee.

Clearly a great service!

GROWING CHANGE

TREES AS NATURE'S PROBLEM SOLVERS

Every 10% increase in tree cover leads to an overwhelming 15% decrease in violent crime.

They can reduce outdoor and indoor pollution by a staggering 60%.

Can store up to 48lbs of Carbon Dioxide per annum.

They can lower the scorching heat of summer by nearly 9°C.

Trees have been shown to reduce stress, lower blood pressure, and speed up healing.

A tree lined road has been shown to increase property values by up to 15%.

Areas with the highest tree cover have been found to have the lowest asthma rates.

Trees reduce runoff water by up to 80%, therefore reducing the risk of severe flooding.

Street trees absorb up to 9x the pollutants compared to trees growing further away from the road.

Street trees have been found to reduce traffic speeds as well as protecting pedestrians from accidents.

Trees release chemicals into the air to deter predators, but they also boost our immune system when we breathe them in.

A mature tree will remove up to 70x more pollution than a small tree.

Trees are excellent sources of pollen & nectar for struggling insects & birds.

ARE YOU SURE THAT CALL WAS REAL?

In 2024, one in three people fell victim to scams involving AI-driven technologies and voice cloning. Imagine attending an urgent Zoom meeting set up by your manager, asking you to make an immediate payment to a supplier to improve business relationships. Or a vendor calls you up requesting an urgent update to their account details after a supposed data breach. Or receiving a phone call from a family member needing money. Acting in good faith on what seems like a legitimate request from people you know and trust, you comply—only to discover later that it wasn't really them.

This is the unsettling reality of deepfakes, a threat growing rapidly and even catching large companies with advanced cybersecurity measures and trained personnel off guard.

In a world where criminals are now using advanced sophisticated AI tools to mimic voices, faces, and expressions with startling accuracy, it has become easier to fool colleagues, friends, and family members into believing requests for money or sensitive information are real. These scams are getting more sophisticated by day, posing serious risks for both individuals and businesses. Criminals know that people tend to follow instructions from authority figures, and they exploit employees' trust and loyalty to gain access to sensitive information, resources, or funds.

SO HOW TO SPOT A DEEPFAKE

Detecting deepfakes can be challenging, but there are some common warning signs to watch out for:

- Unnatural Facial Expressions or Eye Movements.

Deepfake technology at this stage struggles with realistic eye movements and subtle facial expressions.

- Mismatch in Voice and Lip Movements: If the audio doesn't match the person's lip movements precisely, or if there's a slight delay, it could indicate a deepfake.

- High-Pressure or Urgent Requests: Scammers often create a sense of urgency to push people into quick decisions. If a caller on video is pressuring you to act immediately, pause and verify the request through another channel. The same rule applies to emails and messages—urgency can be a major red flag!

PROTECTING YOURSELF AND YOUR BUSINESS FROM DEEPFAKES

Verify Requests Through Other Channels: If you receive an urgent request, confirm it using a separate contact method—never use the same method to verify the request. Using multi-factor authentication for payments and sensitive Data transactions also helps ensuring the legitimacy of requests.

Head Movements: If you are not sure about the person on the video call ask the person to turn their head sideways to 45 degrees. Deepfake technology struggles to maintain realism with certain angles and movements. (Be creative when asking for it, like that's an interesting book on your bookshelf prompting them to turn their head.) (If you want to see how head-turning can affect a deepfake, there are some examples in a [Metaphysics.ai](#) blog post.)

Trust Your Instincts: If something doesn't feel right, don't hesitate to take extra time to verify. Encourage your employees, colleagues, and family members to do the same. Fostering a culture of caution and verification can help protect everyone from falling prey to financial loss or Identify theft scams.

On a final note, always verify before you trust, and question before you obey. Staying cautious is your best defence against these evolving scams.

Mighty Jupiter, your ruling planet, leaves the retrograde phase after the 4th offering you the chance to view your decisions in a very different light.

CAPRICORN

(DECEMBER 22 - JANUARY 20)

Transformational Pluto, the Aquarian Sun and communication planet Mercury are strong in your financial area, indicating that it's a good time for initiating any sort of innovative change and for reviewing your earning potential. The powerful Venus Neptune conjunction in mystical Pisces is suggesting there may be some loose ends to tie up before you embark on an entirely new life journey; use your intuition and you can't go wrong.

AQUARIUS

(JANUARY 21 - FEBRUARY 18)

Expansive planet Jupiter is strong and courageous in the area of your chart concerned with self-expression, joy and creativity, particularly as the energy gets stronger after the 4th. This could turn out to be an exciting month as your new ideas seem to just fall into place. The Pisces new moon on the 28th highlights finances and asks you to use your analytical abilities and problem-solving skills to make important changes.

PISCES

(FEBRUARY 19 - MARCH 20)

The month starts with the coming together of Saturn, the moon, Venus and Neptune all in your sign - what could be better for a brand new start? This is the start of a new cycle, it's time to plant seeds of intention and dream about the possibility and potential of 2025. Venus in your sign ensures that you are attractive to others and also enhances your intuitive ability. Tuning in and trusting your inner guidance will make the way ahead look so much clearer.
